Participants who have answered:	<b>31</b>
Correct Answers:	<b>83.71 %</b>
Incorrect Answers:	<b>16.13 %</b>
Not Answered:	<b>0.16 %</b>

## **PARTICIPANTS' PROFILE**

Total number of participants: **32**  
Participants who received certificate of attendance: **31**

### **Gender:**

Men	15
Women	17

### **Occupation:**

Anesthesiology	22	Neuropsychiatry	1
Neurology	8	Infectology	1

## **PARTICIPANTS' COMMENTS**

***In term of your career development, how valuable were the networking opportunities at the course?***

- Very useful in the future work.
- Very, very valuable. Thanks to Dr. Perkovic for invitation.
- Very valuable.
- Very valuable.
- Very valuable.
- Very valuable.
- Not enough.
- Excellent.
- I hope it will be valuable for me in the future.

***Is there anything we could have done differently to make your TPM experience more enjoyable?***

- It was very enjoyable.
- Everything is perfect.
- No.
- No.
- No.
- No.

***Are there other topics that you would have liked to learn about?***

- More about donor extended criteria examples.
- No.
- To cite local laws and regulations.
- No, you explained all to us in the time that we had.
- Course covered all the important topics.
- Correct all the papers that we need for explanation.
- More medical and less statistical.

***Additional comments:***

- Systematic approach based on evidence.
- Very attentive and professional faculty.
- You were all excellent.
- Workshops were the best part of the course.
- Spanish people who were presenting in English should speak better English.

- More scenarios!
- I would like that we practice more conversation with the family of the donor about donation, not only as a group. But it was great! Thank you!
- Excellent!
